Students Of Venango Campus Dedicate The 1990 Pathfinder In Memory Of Dr. Earl Siler

Dr. Earl Siler, friend of Venango Campus, was Chair of the Department of Education at Clarion University for over 9 years. During that time, he taught courses at Clarion Campus, but also was actively involved with the happenings at Venango Campus. He spent a great deal of time and energy in advising and supporting students who were interested in the field of education. Dr. Siler taught many education courses at Venango Campus and supported the Campus' efforts to

provide quality education for all students regardless of which campus they attended. Faculty, students, and staff would frequently see Dr. Siler meeting with individuals on Venango Campus, as he "dropped in" on his way to or from Clarion. Dr. Siler, who was always an important part of Venango Campus, is remembered with warmth and admiration for his friendship to the faculty, students, and staff of Venango Campus.

Dr. T. Audean Duespohl Interim Dean And Dean Of Nursing

Audean Duespohl has been part of the blood that flowed through the campus for a decade of development. She came as a professor and won the Distinguished Faculty Award. She and the Nursing Program grew, side by side, as she became a Dean and the program became a nationally accredited School of Nursing.

Audean was a part of a new building, new scholarships, new degrees, and new ideas. And, she is our friend.

Dr. Thomas Rookey departed in June 1989 to become Dean for Academic Affairs at Medaille College in Buffalo, N.Y. During his six years as Venango Campus Dean, enrollments increased dramatically, the number of associate degree programs grew by 50%, and the campus moved forward on many fronts. These accomplishments were due in large part to his leadership. Students still remember him as an accessible and caring administrator who put their education above all other interests. Very active in supporting student organizations and bringing cultural and educational programs to the campus, Dr. Rookey also was active in community affairs. He was honored as Outstanding Citizen of the Year in 1988. He will long be remembered for his many accomplishments at Venango Campus and in the community.

Honor Society Headlines

The Nursing Honor Society of Clarion University made news this year when it was chartered as a chapter of Sigma Theta Tau, the prestigious International Honor Society of Nursing. Membership in the organization is composed of outstanding students in the baccalaureate nursing program, as well as nursing faculty, alumni of the BSN program and baccalaureate-prepared nurses in the community. At

Sigma Theta Tau's Biennial Convention in the fall, nursing faculty Pam Lawrence and Elizabeth Matson-Stevenson presented a petition for chartering that was unanimously approved. The Clarion chapter already has underway scholarship and research grant programs in a local effort to promote its goals of advancing nursing leadership and research.

TO THE GRADUATES: We send you our best wishes and luck for the future. To those graduates that couldn't have their photo taken, we extend our apologies.

A note of thanks to Dr. Duespohl and Dr. McElhattan for writing copy. A special thank you to Linda Hawkins who not only wrote copy but gave advise and suggestions when the going was tough.

GRADUATES

Student Senate

Student Senate is comprised of energetic elected students. They are responsible for maintaining a budget that all clubs draw from. Things don't just happen here at Venango Campus. Careful planning occurs for all activities nearly a year in advance. The Senators try very hard to make the campus "come alive" through their efforts and support of the different clubs.

... Going About Their Business

Many Venango students are in the business of being more than just students. They can be found serving in a variety of roles all over campus. Some faces are familiar — the Rhoades clerks or tutors who deal with many students on a daily basis. Others work behind the scenes, making sure deadlines are met for the campus newspaper or yearbook. Still others represent the campus for special activities, like Homecoming. All make a valuable contribution — doing what they do best.

A Study In Learning Styles

When it comes to learning, Venango students reflect a variety of styles. "The more the merrier" seems to be the motto for some who can be seen gathering in study groups in Rhoades or the Learning Lab. Some prefer a buddy system and enjoy working with a friend or tutor. When students decide to go it alone, they can be found studying in the library or some unexpected place they've staked out as their own. Sometimes taking to the great outdoors is just what a student needs for inspiration!

A Series Of Fun Events

There are always activities on campus for both the student and their families — for both the old and the young at heart. As you look through

our pictures, remember the fun events sponsored by the different organizations. Without them, Venango Campus would be all work and no play.

Campus Life — A Colorful Mix Of Work & Play

It's not all work and no play for Venango students. The hours of studying, either alone or in a group, are sometimes relieved by special activities like the annual Gateway Clipper Cruise in Pittsburgh or the Fly-In at Chess Lambertson Airport.

V.C. Means Involvement

Activities on Campus are not limited to just classes. Instructors and staff are always willing to help students with traditional school work but also enjoy the fun moments too. Wherever you go on campus you will be

sure to experience humor and camaraderie amongst the faculty and staff. Venango Campus offers many opportunities for involvement and personal growth for its students. All anyone need do is inquire.
